

A woman is shown from the chest up, holding a silver handheld showerhead and spraying water onto her face. She has her eyes closed and a relaxed expression. The background consists of light grey square tiles. A shower mixer tap is visible on the wall behind her. On a shelf below the tap, there is a blue soap dispenser and a yellow rubber duck. A yellow-bordered text box is in the upper right, and the brand name 'American Standard' is in the lower right.

Auto Temperature  
Mixer Collection  
Always Safe,  
Always Comfortable.

*American  
Standard*

# The Perfect Balance. Always.

Struggling to get the right temperature in the shower?  
Fumbling with the controls for the best water volume?

The American Standard™ Automatic Temperature Mixer Collection promises a hassle-free and comforting shower experience at your fingertips.

Featuring the latest technology, the collection allows you to customize the perfect shower by pre-setting your preferred temperature and volume of water.

From comfort to safety to greater savings, we have all the necessities covered to elevate your shower experience to a brand-new level of enjoyment and convenience. It's simply pure bliss for the whole family with our three key benefits that make every shower a personalized one - each and every time.

Discover our Automatic Temperature Mixer Collection today.

# 3 Things That Make the Perfect Shower

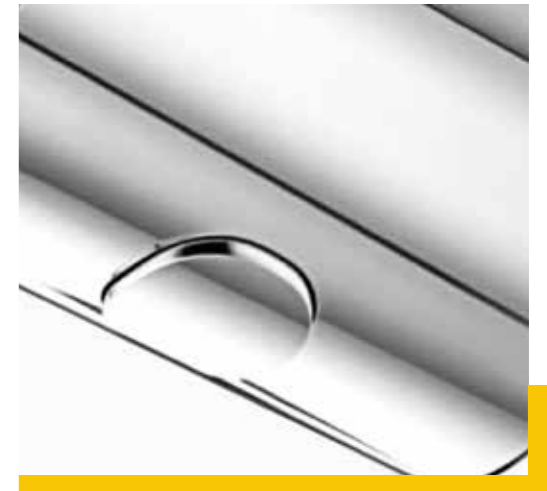

## 1 Comfort is everything

Indulge in the soothing flow of water that remains at a constant temperature whenever you take a shower. The water temperature feels just right without having to constantly adjust the temperature.

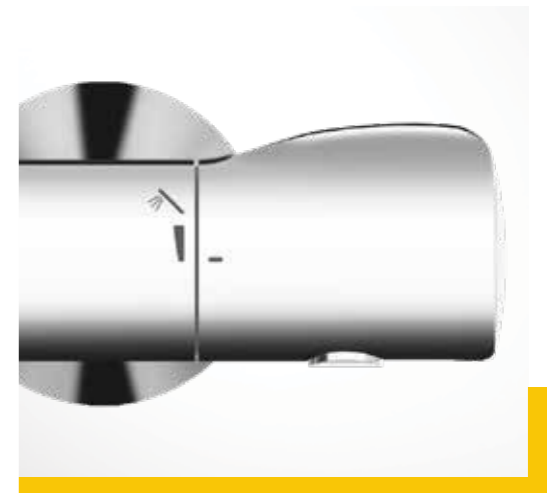

## 2 Your safety, our priority

The button at the bottom of the handle locks the temperature for greater safety. Let the little ones enjoy a safer shower experience without accidentally increasing the temperature.

## 3 Savings meets convenience

With better water volume and temperature control, you can now eliminate unnecessary water wastage for greater savings. The smart Eco-Lock function helps you to be eco-friendly.

Note: Only TemptaCion™ features the Eco-Lock function.

# Innovations That Make the Perfect Shower

## COOLSHIELD

As an added precaution, the faucet body has been designed to stay cool at all times, preventing any instances of accidental scalding.

## THERMOSAFE

For homes with children and elderly, prevent accidental scalding with the safety temperature control that caps water temperature at 49°C and shuts off when cold water supply fails.

## SAFETY LOCK

For a safer shower experience, water temperature is always maintained at a comfortable 38°C. You will need to press the button to get water hotter than 38°C.

## THERMOCOMFORT

Pamper yourself with a shower at a constant and comfortable temperature even when cold water is used elsewhere in the house.

# EasySET™ Concealed

For Extreme Shower Enjoyment

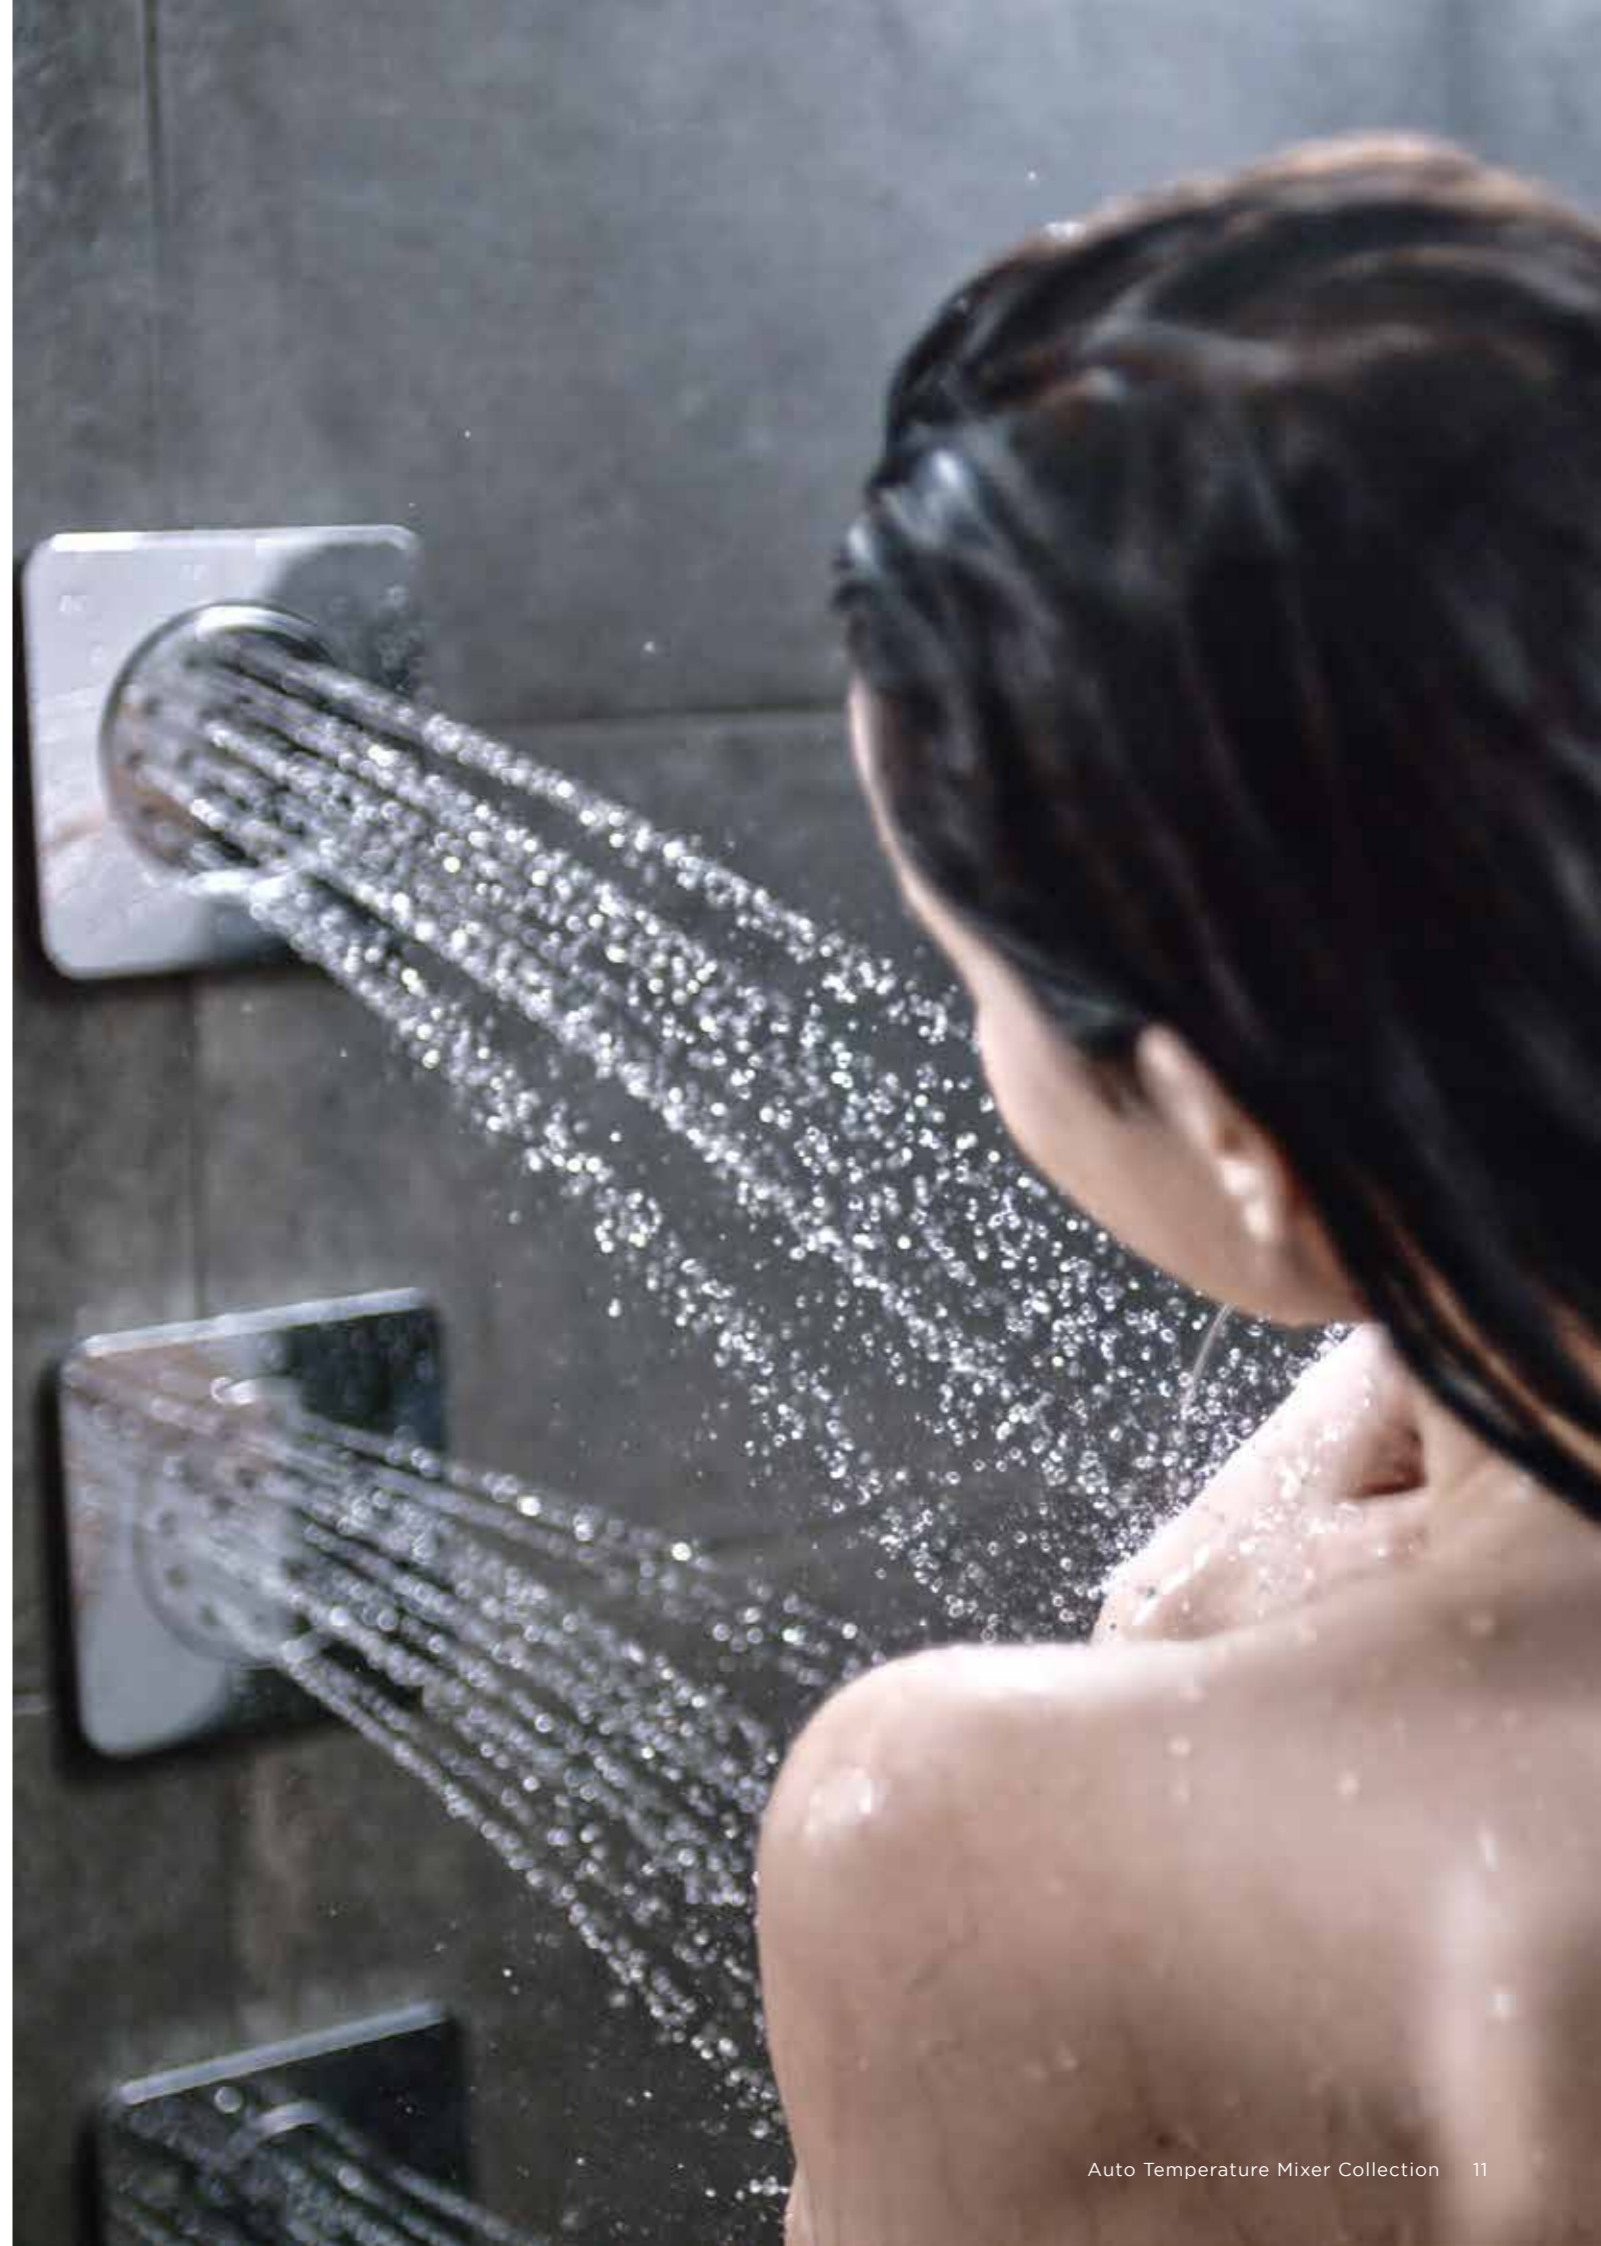

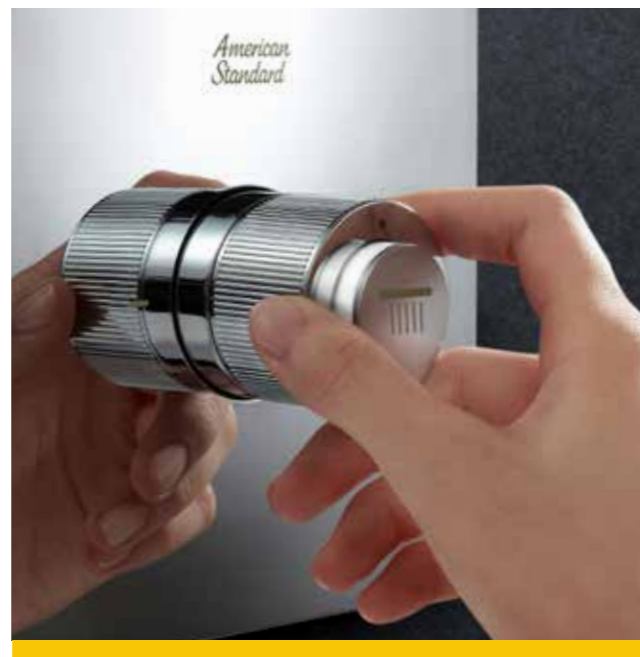

Elevate your shower experience to a brand-new level.

# EasySET™ Concealed

For Extreme Shower Enjoyment

Designed to elevate your shower experience to a brand-new level of enjoyment and convenience, EasySET™ Concealed turns the comforting and relaxing shower into an everyday affair. By integrating ergonomic designs and smart engineering, you can now customize your perfect shower by pre-setting your preferred temperature and volume of water. Take time to pamper your senses in a soothing or invigorating spa-like shower experience with EasySET™ Concealed.

Simply PUSH, TURN and ENJOY.

### Airnergize With Rain Shower Head

Thanks to our thoughtful Airnergize technology which infuses water droplets with air, you will be wrapped in a comforting shower spray while using lesser water.

### Body Jet Enhancement

Awaken your senses to the point of complete rejuvenation with a spa-like and revitalizing shower experience in your own bathroom enclave. Simply tilt the base and turn the dial for the exact pressure you want.

### RainClick Indulgence

Intuitively designed, a click of a button allows you to easily choose between 3 spray modes (Tranquil Rain, Jet Rain and Therapy Rain). Perfect after a long day's work when your muscles need all the attention they can get.

# EasySET™ Exposed

For Ultimate Showering Convenience

Thoughtfully designed for comfort and convenience.

# EasySET™ Exposed

For Ultimate Showering Convenience

Elevate your shower experience to a new level of comfort. For the perfect shower, you can pre-set your preferred temperature and volume. No more fluctuations or adjusting to your desired temperature. With its sleek ergonomic design, EasySET™ Exposed blends in perfectly into any contemporary bathroom. And with SpaceCreate, your toiletries are within reach on the mixer ledge. All thoughtfully designed for your comfort and convenience.

### SpaceCreate

Clever design, works like magic. The same mixer now holds your toiletries.

### EasySwivel

Simply hide away the bath spout for space flexibility in the bathroom.

### EasyGlide

Adjust the height of the hand shower holder single-handedly in just one fluid twist-and-go movement.

# TEMPTACION™

A Temptation Like No Other

The perfect temperature, just the way you enjoy it.

# TEMPTACION™

A Temptation Like No Other

Step into a shower that is at the perfect temperature just the way you enjoy it best. A shower that intuitively conserves water yet indulges you in maximum pleasure. Pre-set to consume 50% water capacity without compromising on your shower enjoyment, energy and water wastages are minimized as temperature is automatically adjusted before usage. It also comes with a purposeful feature to hold your toiletries and a host of functions that ensure user safety and sustainability.

# La Moda™

Maximizing Comfort and Space

Revel in the comfort of a shower experience that combines the best of technology and space-saving ergonomics. Immerse yourself in the soothing flow of water at a temperature that remains safe and constant for everyday enjoyment. Need an extra space for toiletries? We've got that covered, too.

# Active™

Designed For Pure Comfort

The simple pleasures in life can be an everyday affair. Pamper yourself in a shower with water temperature that stays constant throughout and a control that limits maximum temperature for the safety of everyone in the family. Going green? Take it a step further with the water-saving function.
