#hygieneclean

With the new normal, comes new possibilities. It has granted us the opportunities to reconnect with our loved ones and create lasting memories, like never before. Naturally, by spending more time at home, good personal hygiene practice becomes our first line of defense in staying well and strong. After all, prevention is always better than cure.

HygieneClean™ System offers comprehensive bathroom solutions that enable 24/7 protection in bathroom hygiene, safeguarding every family member at home.

Because every moment worth cherishing is a moment worth protecting.

HygieneClean™ System
Protecting you 24 hours a day, 7 days a week.

Powerful with SiphonMax

Eliminate both heavy and light waste with minimal effort. For a cleaner and safer toilet for your loved ones.

Cleaner with PowerRim

No more hidden corners! The rimless design eliminates hard to reach surfaces for effective removal of dirt and stains.

Spotless with Aqua Ceramic

This award-winning hydrophilic technology enables water to penetrate between the contaminants and toilet surface, lifting waste off with every flush.

Germ-Free with ComfortClean

Nasty E. coli bacteria stand little chance against this revolutionary ceramic glaze with zinc oxide. For a cleaner and even safer toilet bowl.

Protect your loved ones with HygieneClean™ System

The American Standard HygieneClean™ System offers complete bathroom solutions that enable 24/7 protection in bathroom hygiene, safeguarding every family member, because every moment worth cherishing is a moment worth protecting.

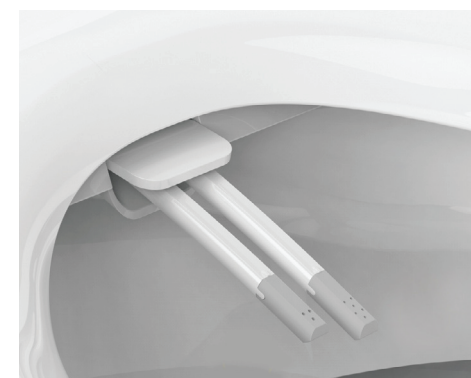

Safer with ThermoComfort

For relaxing moments of a constant and comfortable showering temperature, and peace of mind knowing that scalding incidents are truly a thing of the past.

Simpler with EasyPUSH

Minimizing surface contact for a reduced risk of cross-contamination amongst your loved ones. One push is all it takes.

Hygienic with Dual Nozzles

When two is indeed better than one. Dual nozzles keep cross-contamination at bay for a truly hygienic experience.
